I bit my tongue for too long
My patience gets a bit thin
I gotta tell you the way that it is

I think you know
This is something different we've started
We're more than ordinary

There's something about the way
That the world looks
Brighter when I'm next to you

'Cause no one's gonna
Love you like I will
Darling, you can just
Take, take, take your time

And I've been burning up like a wildfire
Wishing you would just
Say, say, say you're mine, mine
You're mine

Let's get ourselves out of town
We'll take the last train out
I got a million things I wanna know

It's easy, baby, with us
There's nowhere we can't go
And this love it doesn't scare me

'Cause I'm running out
Of reasons not to feel this
I can tell you're dying to try

'Cause no one's gonna
Love you like I will
Darling, you can just
Take, take, take your time

And I've been burning up like a wildfire
Wishing you would just
Say, say, say you're mine, mine

You're mine

Don't you wonder what it'd be like
Underneath the streetlights
You and me

With the city wrapped around us
If no one ever found us
It's fine with me

So no one's gonna
Love you like I will
Darling, you can just
Take, take, take your time

No one's gonna
Love you like I will
Darling, you can just
Take, take, take your time

And I've been burning up like a wildfire
Wishing you would just
Say, say, say you're mine, mine
You're mine
