Tuesday at 2 AM
Long after you said goodnight
I put the coffee on strong and I
Bought me some time
The roses you left me were dead
On the desk on my right
A subtle reminder that nothings
Designed to survive
A love overcome is a battle half won
The view from the sides of the gun

Well now, I'm so afraid to be ready to change all these
locks
To disconnect the dots
And I just can't take the pain
Although make no mistake
Cause it's time I untied all the knots
Cause if it's one thing I know that I'm not
Well, thats a ship in the dock

The winds picking up
And I'm looking above for a sign
Your photograph hanging
A moment just clinging to life
But I've seen the top of those trees
On the opposite side
Oh and if the grass isn't greener

Well, I'll know atleast that I tried
Cause I won't let myself live in this world
Of what ifs but it don't get much harder than it is

Well now, I'm so afraid to be ready to change all of the
locks
To disconnect the dots
And I just can't take the pain
Although make no mistake
Cause it's time I untied all the knots
Cause if theres one thing I know that I'm not
Well thats a ship in the dock

Ohhhhhh yeah yeah yeah

Ohhhhhh Ohhhhh yeah yeah

Well I'm so afraid to be ready to change all these locks
To disconnect the dots
Oh I just can't take the pain
Although make no mistake
Cause it's time I untied all the knots
Cause if it's one thing I know that I'm not
Well thats a ship in the dock

I know that I'm not

Thats a ship in the dock
