Out of the corner  
Of my tired eyes, I'm not surprised  
It's now a quarter past too late  
Nothing new, it's no case out of the ordinary

I'm so very wrapped  
Around your finger this time  
Oh, won't you give me a while  
To unwind?

You're on top of the world  
And I'm just waiting, making up your excuse  
You say that love's tough, are you sure?  
Ain't it just a piece of cake to make me look like a fool?

You're on top of the world, if you're thinking  
I've been blinking while you're breaking the rules  
Don't that make you the fool?  
Oh yeah, you're on top of the world

You're sitting on top of the world  
On top of the world

You're like a splinter  
You're just killing me slowly from inside  
The piercing winter is so much  
More inviting than the stare in your eyes

One heavy cinder block, like a love rock  
You're just staying, weighing, breaking me down  
I'm crying out, you don't hear me  
You don't hear a sound

You're on top of the world  
And I'm just waiting, making up your excuse  
You say that love's tough, are you sure?  
Ain't it just a piece of cake to make me look like a fool?

You're on top of the world, if you're thinking  
I've been blinking while you're breaking the rules  
Don't that make you the fool?  
You're on top of the world

Hope I've lost enough to win you back your prize  
To put you up sky high  
You get your pride back to its familiar place

You're on top of the world

But I hope it's cost enough of my dear, precious time  
To lift your spirits, spark your smile

On top of the world  
And I'm just waiting, making up your excuse  
Well, love's tough, are you sure?  
Ain't it just a piece of cake to make me look like a fool?

On top of the world, if you're thinking  
I've been blinking while you're breaking the rules  
Don't that make you the fool?

On top of the world  
And I'm just waiting, making up your excuse  
You say that love's tough, are you sure?  
Ain't it just a piece of cake to make me look like a fool?  
Yeah, yeah, yeah

On top of the world, if you're thinking  
I've been blinking while you're breaking the rules  
Don't that make you the fool?

Oh baby, don't that make you the fool?  
You're on top of the world  
On top of the world  
You're sitting on top of the world  
On top of the world

You're on top of the world  
On top of the world  
You're on top of the world
