I remember the day we first met
I fell so fast
You made me feel like there was hope again
Everything came so easily
That spell you cast on me
Had me going crazy spinning round and around
And suddenly the fall stopped raining everyday
Now I'm all confused I really hate feeling this way

Reff:

Is it me is it you
Who I am, what you do
Maybe I'm not sure but I'm so into you
How I wish you could see
Just how great things could be
Is it me, is it you

I finally heard from you again
It's been a while
And I feel you're pulling me back in
You said that you've been missing me and
I fall again so easily
Today I'm all you need
But then tomorrow comes and it's like you don't even
know my name
I try to play it cool but boy you're driving me insane

Reff:

Is it me is it you
Who I am, what you do
Maybe I'm not sure but I'm so into you
How I wish you could see
Just how great things could be
Is it me, is it you

Bridge:

Even though you make me crazy
I still can't shake this feeling
Can't you let me know
Is it me is it you
Will I ever know the truth

And just when I let you go
You say hello

Reff:

Is it me is it you
Who I am, what you do
Maybe I'm not sure but I'm so into you
How I wish you could see
Just how great things could be
Is it me, is it you

Is it me is it you
Who I am, what you do
Maybe I'm not sure but I'm so into you
How I wish you could see
Just how great things could be
Is it me, is it you
