#### 1. Brother warrior

With a heart like gold and a rainbow in your eyes  
Brave companion  
Do you see a world shining in the sky?  
With your body dancing like an arrow  
Spreading joy beneath your feet  
And your hands they wave like the tall grass  
In the wind as you speak  
With the shyness of a small child  
And the wisdom of a sage  
I tell you now there is no reason to be afraid.

#### 2. Brother warrior

There are none of us that walk this path alone  
Spirit healer Is the only life that we have ever known  
I see your smile in the sunlight  
Hear your song in the rain  
And I hold you here inside me  
Feel your love, know your pain  
And at this time when the Earth is waking  
In the dawn of another age  
I tell you now there is no reason to be afraid.

#### 3. (vamp, then..)

We are crying for a vision  
That all living things can share  
And those who care are with us everywhere.
