I called you on the phone and I left you a message
I told you everything I was feeling inside
But suddenly, I wished you were right here beside me
'Cause baby, I'm feeling so lonely tonight
But there's no chance for romance
If you don't wanna wait for a slow dance
'Cause I see, boy you and me
Up on that roller coaster

Baby, uh huh
Every day, you get closer to my heart
And it's making me crazy, uh huh
'Cause every time I look over, there you are

I never thought nobody could drive me so crazy
And if you say you love me, I'll always be yours
You and me together is something I treasure
I know you're the one and it's worth waiting for
But there's no chance for romance
If you don't wanna wait for a slow dance
'Cause I see, boy you and me
Up on that roller coaster

Baby, uh huh
Every day, you get closer to my heart
And it's making me crazy, uh huh
'Cause every time I look over, there you are

If this is how it's meant to be, then take me in your
arms baby
And tell me that I'm the only one, that we will always be
together
'Cause I would never doubt something so real, baby
Love is all you make me feel, yeah, yeah

Baby, uh huh
Every day, you get closer to my heart (my heart)
And it's making me crazy, uh huh
'Cause every time I look over, there you are (there you
are)

Baby, uh huh

Every day, you get closer to my heart (closer and closer)
And it's making me crazy, uh huh
'Cause every time I look over, there you are (baby, baby, baby, baby, baby)

Baby, uh huh
Every day, you get closer to my heart
And it's making me crazy, uh huh
'Cause every time I look over, there you are

Baby, uh huh
