I kind of like this game,
'cause I've always played it safe
let a bird out of it's cage
it's gonna fly away

but the thrill of the unknown,
has lead me far away from home,
i don't think i wanna go,
back to where i used to be,
like it was before,
every time you look at me,
i want something more,

I'm starting to shake
this perfect mistake
could kill me any moment
but that's a chance i gotta take
I'm ready to fall,
break or loose it all
we're dancing on fault line,
and that's about to give away
but i think I'm gonna stay

i just wanna lie
under pretty skies
i have wished this moment
about a million times
but it's dangerous i know
why should i say no

i don't wanna have to go
back to where i used to be
and like it was before
every time you look at me
i want something more,

I'm starting to shake,

this perfect mistake,
could kill me any moment
but that's a chance i gotta take
I'm ready to fall

break or loose it all
we're dancing on fault line
and that's about to give away
but i think i'm gonna stay

and every breathe,
is just a breathe away from heartache,
and maybe i can wait
but i still wanna be you in
like a summer wind

I'm starting to shake,
this perfect mistake,
could kill me any moment
but that's a chance i gotta take
I'm ready to fall
break or loose it all
we're dancing on fault line
and that's about to give away

I'm starting to shake,
this perfect mistake,
could kill me any moment,
but that's a chance i gotta take,
I'm ready to fall
break or loose it all
we're dancing on fault line
and what's about to give away
but i think i'm gonna stay
