La, la, la, la
Hey hey hey
Where my zetas at?
Where my zetas at?
Where my, where my
Where my zetas at?
Hands up now
Push it up now
Where my zetas at?
Where my zetas at?
Where my, where my
Where my zetas at?
Hands up now
Push it up now

I know what boys like
I know what guys want
I know what boys like
I got what boys like
I know what boys like
I know what guys want
I know what boys like
But I know what I want

I know
What boys like
They like
To mess around
I laugh
And tease them
They wanna know
What I'm about

I know what boys like
I tell them so what?
(So what)
It doesn't matter
You're gonna have
To be smart

Oh, oh, oh
It ain't

That hard to see
I know
You're feelin' me
Baby
I really wantcha

Oh, oh, oh
Don't take it personal
Been down
That road before
Had to switch it up
Cause

I know what boys like
I know what guys want
(What guys want)
I know what boys like
I got what boys like
(I know what they like)
I know what boys like
(Boys like)
I know what guys want
I know what boys like
But I know what I want

La, la, la, la
What they li-like
Li-like, li-like

I know
What boys like
Cute smiles
And heels high
Attempt the "hello"
While I say "bye bye"

I know they want me
They try to fake it
But they just end up
Intimidated

Oh, oh, oh
It ain't
That hard to see
I know
You're feelin' me
I really wantcha

Oh, oh, oh
(Oh, yeah)
Don't take it personal

Been down
That road before
Had to switch it up
Cause

I know what boys like
(Bboys like)
I know what guys want
(Gguys want)
I know what boys like
(Hey)
I got what boys like
(I know what they like)
I know what boys like
(I know)
I know what guys want
(Hey)
I know what boys like
(I know what they want
They want, they want)
But I know what I want

If I think you get me
I might let you
Unconditionally, yeah
I might let you
If you're on my level
I might let you
And baby
If I think
You're special
I might let you

Hey, hey, hey
Where my zetas at?
Where my zetas at?
Where my, where my
Where my zetas at?
Say
That's what
They want, want
That's what t
They want, want
Where my zetas at?
Where my zetas at?
Where my, where my
Where my zetas at?
Say
That's what
They want, want
That's what

They want, want

Now everytime
I come up
In the spot
I'm with my zetas
(Yeah)
A peace out
To the fellas
And reverse it
For the haters
Slickety slick
Bam boom whack
Look at how hot
My ladies are now
We ain't messing
With you fools
We ain't playin'
With you clowns

Now this bum
Baby's
The one to thank
Help us
Rise to the top
Of the social ranks
The lost little bunny
Changes for the better
Now she's part
Of the Zeta family
Forever

So, back, back
Back it on up
Back it
Back it, back
Back it on up
Back, back
Back it on up
Now I realize that

I know
What boys like
I know
What guys what
(What they want)
I know
What boys like
(Boys like)
I got what boys like
(I know what they want)

I know what boys like
(I know)
I know what guys want
I know what boys like
(I know what they want
They want, they want)
But I know what I want
