Black deniall of all life, death arise!  
Bestiall payne unto men, beast and thing  
Shadow flie-s, earth and heaven can't resist  
The spectre lorde, bringing the  
Empyreaal eclipse

Kross fyre

Creatures of hell, from beyond  
Demons of darknesse, ye ghouls obscure  
Kross fyre and flame, iron fist  
The spectre king, bringing the  
Empyreaal eclipse

Kross fyre

Grande commander, horrible lorde  
Splendour blinding [...] the sun  
Mighty spell for holokausth on his lips  
Nockturnal h(a)unter, ryding the  
Empyreaal eclipse

Tale of sin, day of uncreation  
Nyghtemare dread, death of the son.  
Poison rush, extermination,  
Black prince returneth,  
The throne is won...

Desperate lament of heavenly servants  
Gone lost into black mysticism  
Rites of irrevocale pro-fanation  
Fall on noctambulant journeys,  
God's doom

Unholy law, fyre and wrath  
Thy satanick realm  
(Meanth) freedom at last

Impaled black angels  
Burning through our delightfull ways  
The mercylss faythe in thee,

Oh horned hunter of lightwinged ash

And our deeds that shall fulfill the final prophecy

Grace and despair

Ah, Thy Second Coming...

Lo! the ethereal pyres of hyperion

Behold my master's glorious return
