I hold my breath and close my eyes  
I've never felt so alive  
With everything I've been through  
Every roads been worth the journey here to you  
Just as I turn and walk away  
The world is lighting up again  
And everything's illuminating

Tell me I'm not dreaming  
Tell me that I'm wide awake  
Tell me that this feeling will never go away  
Tell me that your here with me  
And here with me you'll stay  
Give me something to believe in  
Tell me I'm not dreaming

Nothing else, can compare  
To the mystery, the magic that we share  
Like it was written in a distant star  
Heavens moving in, to everything we are  
Just before the night was closing in  
You showed me, how to love again  
Reminded me of life within it

Tell me I'm not dreaming  
Tell me that I'm wide awake  
Tell me that this feeling will never go away  
Tell me that your here with me  
And here with me you'll stay  
Give me something to believe in  
Tell me I'm not dreaming

It's clearer to me now  
More than anything before  
From a life I've lived without you  
To a world of so much more  
A world of so much more

Tell me I'm not dreaming  
Tell me that I'm wide awake  
Tell me that this feeling will never go away  
Tell me that your here with me

And here with me you'll stay  
Give me something to believe in  
Tell me I'm not dreaming  
Tell me I'm not dreaming
