### Verse 1

You're lying so close  
I can feel your heart  
It's beatin'  
I'm dying to touch you here in the dark  
But you're dreamin'  
Before we pull back the curtain  
Let the world into this room  
Let's hold to what we know is certain  
Cause it's always gone too soon

### Chorus

Make my, make my, go on and make my day  
Make my, make my, go on and make my day  
Let's go back into the covers  
Back into each other  
Back to being lovers  
Make my, make my, go on and make my day  
Go on and make my day

### Verse 2

You open your eyes  
And you know inside what I'm needing  
You've always been able to read my mind  
Now you're reading

There's no need for hesitation  
Later on will be to late  
Sometimes love is so impatient  
But everybody else can wait

If you'll...

### Chorus

Make my, make my, go on and make my day  
Make my, make my, go on and make my day  
Let's go back into the covers  
Back into each other  
Back to being lovers  
Make my, make my, go on and make my day  
Go on and make my day

Bridge

Day is dawning

There's a promise in the light

Let's make the best of the morning

'cause we have to wait forever until tonight
