All the things I tried
Mistakes made in my old life
I picked you up that night
All my wrongs don't make you right

Silence reminds me
I'm a secret too dirty to keep
And we're such a familiar sight
I gave you my word and it cost your life

What are you still hiding?
Are you even trying?
Why have you come?
What are you waiting for?

All the words you had
Planted seeds inside your head
Just waiting on a rainy day
Well, I'm standing soaking and you still can't say

All the dreams you had
It's been years and you're still mad
You say you like me in your memory
You've got to be fucking, kidding me

What are you still hiding?
Are you even trying?
Why have you come?
What are you waiting for?
Why have you come?
What are you waiting for?

And we drive through the old neighborhood
All the corners where we stood
An hour passes, you don't even blink
I'm writing you off and you still can't speak

Why have you come?
What are you waiting for?
Why have you come?
What are you waiting for?

Why have you come?
What are you waiting for?
Why have you come?
What are you waiting for?
