Pillar of strength  
You held my hand through my trials  
And all of my tribulations  
Quick with a joke  
You took the wind out of my sins  
You liked to try my patience

But the truth is always told  
Answers all unfold  
Whenever I let you  
You move me

When you tell me those stories  
I've heard one hundred times  
Therefore each time I learn something more  
You move me

When you know what I'm thinking  
By looking in my eyes  
Anxiety just disappears  
You move me

Redheaded stepson  
When they make you feel ashamed  
You come and cry on my shoulder  
Advice is cheap

Yeah, must be my middle name  
Hey, I'm just returning the favor

The truth is always told  
Answers all unfold  
Whenever I let you  
You move me

When you tell me those stories  
I've heard one hundred times  
Therefore each time I learn something more  
You move me

When you know what I'm thinking  
By looking in my eyes

Anxiety just disappears  
You move me

You've been left behind before  
They shut you out and locked the door  
That is something I would never do  
Because whenever I let you  
You move me to tears  
You move me, You move me to tears
