I'm over your lies
And I'm over your games
I'm over you asking me,
When you know I'm not okay

You call me at night
And I pick up the phone
And then you be telling me
I know your not alone

Oh, and that's why (Your eyes)
I'm over it (Your smile)
I'm over it (Realize)
I'm over it
I'm over it, I'm over

Wanting you to be wanting me
No that ain't no way to be
How I feel, read my lips
Because I'm so over (I'm so)

Moving on, it's my time
You never were a friend of mine
Hurt at first, a little bit
But now I'm so over, I'm so over it

I'm over your hands
And I'm over your mouth
Trying to drag me down
And fill me with self-doubt

Oh, and that's why (Your words)
I'm over it (So sure)
I'm over it (I'm not your girl)
I'm over it
I'm over it, I'm over

Wanting you to be wanting me
No that ain't no way to be
How I feel, read my lips
Because I'm so over (I'm so)

Moving on, it's my time
You never were a friend of mine
Hurt at first, a little bit
But now I'm so over, I'm so over it

So over it
Wohoow

Don't call, don't come by
Ain't no use, don't ask me why
You'll never change
There'll be no more crying in the rain

Wanting you to be wanting me
No that ain't no way to be
How I feel, read my lips
Because I'm so over (I'm so)

Moving on, it's my time
You never were a friend of mine
Hurt at first, a little bit
But now I'm so over, I'm so over it

I'm so over it
I'm over it
Wohoow yeah

Wanting you to be wanting me
No that ain't no way to be
How I feel, read my lips
Because I'm so over (I'm so)

Moving on, it's my time
You never were a friend of mine
Hurt at first, a little bit
But now I'm so over, I'm so over it
