The evil priest is calling me again  
I stare into these walls and he comes through  
Clergy of the damned  
Surrounds me, pointing hands  
On my knees, i fall to their command

"You wanna burn in hell?  
With us you'll dwell  
Didn't see the signs  
That led you here...."

Green icy fingers  
Sliding down your face  
Cross of remembrance  
Torn off by the dead

A crimson ghost is walking down the hall  
Animating armour with his call  
Steel knights with fangs  
Awake with hungry plans  
My empty corpse shall grace the castle lounge

You're gonna burn in hell  
With us you'll dwell  
Didn't see the signs  
That led you here

Nightmare castle  
Built within your mind  
Psychotronic laughter  
Echoes through the walls

Nightmare castle  
Welcomes you inside  
Phantasm paranoia  
Your beliefs defiled

The cryptic nun appears and i am blessed  
Her velvet eyes are blacker than my death  
Skeletal majesty Of decomposed beauty  
An invitation too severe to refuse
