21st Century - Another second away
Scientific mind control - Zombiefied Human Race
Skeleton of cosmic sky - The Devil man has eaten away
Frozen sun won't stop the fight - Of the burning legion

Revolution - is calling - Take Control
Burn the Masters - Let's Riot - Lose Control

Satanik Satellite - Beaming Hell into your home
Watch with the Living Dead Lobotomy T.V. show
Politician / Preacher man has tried to make you his
slave
As robotic icons are leading Earth into the Grave

Revolution - is calling - Take Control
Burn the Masters - Let's Riot - Lose Control

You see the Devil smiling though a world of flames
You watch the children running - now tell me who's to
blame?
Deadly forces of Evil - Casting you under their spell
Deactivate the program - Before they get your soul-
Alright!
