The intimate unspoken ways  
We touch each others lives  
Is a pledge of the tomorrows we will share  
And our battle with these darkening days  
Will pass as each one strives  
To remember our committment is to care

Chorus: You are water to my thirst  
You have been my first, last, and only loves  
Though you are many, we are one  
A family begun in a simple time  
A gentle rhyme like this could never show  
You may never know  
How I love you so

Though none alive can bind us  
There still remains a bond  
Renewed each passing moment by our choice  
These links of love will find us  
Growing every day more fond  
Of the harmonies our sharing souls will voice

And if our way is growing  
It is not perfect yet  
We may need all our lives to learn it's song  
There's more to music's flowing  
Than solo or duet  
And better still when many sing along
