1. Forgive me if I'm forward if I reach for you too quickly
Believe me I don't do this all the time
I know it's unexpected, but I really could not help it
You just feel like a good, good friend of mine

2. I felt it when I met you that sudden recognition
A memory of candlelight and wine
It never truly happened, at least, not in this lifetime
But you feel like a good, good friend of mine

Chorus: You feel like such a good, good friend of mine
You just feel like a good, good friend of mine
It may seem kind of funny but I really had to tell you
That you feel like such a good, good friend of mine

3. And if this lasts forever or only one brief moment
I hope you understand it's not a line
When I say I wish you'd stay here
And I'd love to get to know you
'Cause you feel like such a good good friend of mine
