Every love is different
Every love's the same
Every love has memories
Every love has pain
I knew love at twenty
I knew love at nine
But the love I know right now
Is the sweetest love I'll ever find
Every town's familiar
Every town is strange
When you're feeling lonely
Every town's the same
I have dreamed of Paris
And I have dreamed of Rome
But the dream we're in right now

Is the sweetest dream I've ever known
Touch me
In the silent
Shelter of the night
Hide me
Safely wrapped in your arms
Till morning light
Every love remembers
Every love forgets
I've had my share of sorrow's
But I have no regrets
Love is made of silver
Love is made of gold
But the love that we have made
Is the sweetest love I'll ever know
