I'm tired, so tired, it's time to give it up  
I've been draggin' his memory around long enough  
It's weighin' heavy like a stone around my neck  
I've got to find a way to forgive and forget

Forgive and forget that's what I've got to do  
Forgive and forget all the hurt he's put me through  
I know the only way I'll lay my burdens down to rest  
Is if I can forgive and forget

To live in peace, be free of the past  
I close my eyes and sweet-dreams is all that I ask  
But if I die and peace has not come yet  
Write on my stone, I tried to forgive and forget

Forgive and forget that's what I've got to do  
Forgive and forget all the hurt he's put me through  
I know the only way I'll lay my burdens down to rest  
Is if I can forgive and forget

Forgive and forget that's what I've got to do  
Forgive and forget all the hurt he's put me through  
I know the only way I'll lay my burdens down to rest  
Is if I can forgive and forget

Yeah, I know the only way I'll lay my burdens down to  
rest  
Is if I can forgive and forget
