From a distance, the world looks blue and green,  
and the snow capped mountains white.  
From a distance, the ocean meets the stream,  
and the eagle takes to flight.  
From a distance, there is harmony,  
and it echo's through the land.  
It's the voice of hope,  
it's the voice of peace,  
it's the voice of every man.  
From a distance, we all have enough,  
and no one is in need.  
There are no guns, no bombs and no diseases,  
no hungry mouths to feed.  
From a distance, we are instruments,  
matching in a common band,  
playing songs of hope,  
  
playing songs of peace,  
it's the song of every man.  
God is watching us, God is watching us,  
God is watching us, from a distance,  
From a distance, you look like my friend, even though  
we're at war.  
From a distance, I just cannot comprehend, what all  
this  
fighting is for?  
From a distance, there is harmony,  
and it echo's through the land  
It's the hope of hope, it's the love of all, it's the  
heart of every man.  
God is watching us, God is watching us ..... from a  
distance
