There's a red Ford pickup following me headlights off
too close to see
I feel you all around taking me down the streets of your
town
Sweet magnolias just in bloom black light decals
quarter moon
I thought I heard a howlin' sound calling out from the
streets of your town

The pavement swells beneath my feet it's a oneway
ticket no retreat
I'm a walking billboard looking to settle down
One of the lost and found on the streets of your town

Looking at memories from the first time traces of what
I hope to find
I am captive I am bound to keep on walking the streets
of your town

Oh the pavement swells...
[guitar]
Love has no reason it has no mind the heart leads and
we follow it blind

Oh the pavement swells...
I'm a walking billboard...
On the streets of your town
