Look at me, look at you  
Laugh at them, yeah, we should laugh at us, too  
Make a wish we wanna come true  
Gonna get us an angel, maybe get us two

Goin' for the brass ring  
Yeah, we got such big plans  
Got our own dreams  
You know the Big Guy's gonna give us a hand

Trouble with angels  
Is you can never find one when you want one  
The trouble with angels is I really want one  
Trouble with angels is they're never around  
Do you really need one? Yeah, I really need one

Got a feelin' it's gonna be okay  
'Coz whatever happen's gonna happen anyway  
Make a wish and it may come true  
An angel's gonna come down, gonna get us through

Goin' for the brass ring  
Yeah, we got such big plans  
Got our own dreams  
You know the Big Guy's gonna give us a hand

Trouble with angels  
Is you can never find one when you want one  
The trouble with angels is I really want one  
Trouble with angels is they're never around  
Do you really need one? I really need one

Goin' for the brass ring  
Yeah, we got such big plans  
Got our own dreams  
The Big Guy's gonna give us a hand  
Yeah, the Big Guy's gonna give us a hand

Trouble with angels  
Is you can never find one when you want one  
The trouble with angels is I really want one  
Trouble with angels is they're never around

Do you really need one? I need one

Trouble with angels

Trouble with angels

Trouble with angels

Do you really need one? I really need one
