Evolution minds on the production line
Imagination drenched within conformist slime
Plastic education, microwavable brains
Cooking on the stage of heaven's pantomime

Warmongers getting high on genocide cocaine
Grossmetic beauty, silicone truth can't hide
Radioactive ocean, celluloid map of skies
The universal cyclist no longer rides

It's a rat race
Machine breeding
No hesitation
In joining

Dance into the circle
Conveyor belt of the world
Birth machine 2000
Mechanics fix you today

The rats are hungry, eating at the sands of time
Hourglass explodes in front of marble eyes
Eternal countdown, circular in sound
Returnity has died, infinity arrives

It's a rat race
Machine breeding
No hesitation
In joining

Dance into the circle
Conveyor belt of the world
Birth machine 2000
Mechanics fix you today

It's a rat race
Machine breeding
No hesitation
In joining

Birth machine 2000

As the centuries pass
Back into the circular void
Regeneration masked
Behind a dying question

Ooh, hit me

Grim reaper of life
Save me from their death machine
Celebrating strife
Programmed nation, R.I.P
