Freedom man, that's what it's all about  
You've got to groove on freedom like the Good Book  
says

Listen while I tell ya, each and everyone  
About the state our planet's in and what should be  
done  
Wheels of freedom turning backwards on themselves  
Liberty is burning in this hell, this cosmic cell

Freedom for the people  
Humanity and all mankind  
Liberate your soul and mind  
It's waiting for you all to find

But getting it together is what I'm talking about  
Ain't got time to argue, just time to turn it out  
Look into the future, tell me what you see  
If we don't love each other, there'll be no harmony

Freedom for the people  
Humanity and all mankind  
Liberate your soul and mind  
It's waiting for you all to find

Free wheel keep turning, open up your mind  
Star-spangled stairway that you're waiting to climb,  
yeah  
It's just a bummer, they're fascist rules  
Police and politicians pushing on you, yeah

Father of creation, master of this tomb  
Universal messiah, motherfucking king of doom  
We don't ask forgiveness for our sins against you Lord  
We want retribution for the twisted ways you've taught

Freedom for the people  
Humanity and all mankind  
Freedom for the people  
It's waiting for you all to find

Freedom for the people

Humanity and all mankind  
Freedom for the people  
It's waiting for you all to find
