(Jennigs/Dorrian)  
She rides to the sabbath  
Veiled under silver light  
To make love to the devil  
Necromancer of nyte  
Within the mystic forest  
She sets your world alight  
Her coven conjure the demons  
Herald the sacrifice yeah  
Lucifera Vampirella  
She bares the mark of the devil  
Queen of the witches  
Her kingdom is your hell  
Black masses in the convent  
Priests under her spell  
The crops have withered  
The sky bends upside down  
Her name is lucifera  
The mutant preachers yell-yeah  
My name is Hopkins  
I'm the witchfinder general  
My impotence deceives me  
You beauty turns me pale  
Winds haunt the village  
Satans ghost awakes  
The world falls into darkness  
As she melts at the stake-yeah  
Mathew Hopkins witchfinder general  
Your soul condemned to hell
