(Jennigs/Dorrian)

Inertias cave surrounds my heart
Stallactites crashing down
In stinking shades delusion cascades
Of torment, yes I crave
Here with the snakes
My venom dehydrates
Into my stream I hear your scream
Sucking at my veins
My final plea, enveloped
In rapture seeting
Intertia's cave dementia echoes
From the ceiling
Starring down, heavens eyes are
bleeding from black stars
In crimson rain, seasons blend in
cold arms dying
Where flowers die, my spirit thrives
I glisten in your pain
The burning eyes of truth devise
The torture master plan
Mythology
Poisoned reality
Rattling bones
Crawling flesh
Festering insane
My final plea, enveloped
In rapture seeting
Intertia's cave dementia echoes
From the ceiling
Starring down, heavens eyes are
bleeding from black stars
In crimson rain, seasons blend in
cold arms dying
Light my way
Through the weeping veil
Violet seas
Autumn bride we sail
Kiss the wind
Rejoice on wave of grave
Desolate face
Torment now erased

Copper sunsets
Metal shore of hope alive
Under clouds of thorns
Frozen moon
Tranquil through the mist of pain
To you we sail...
Frail is the mind
Who lets me inside
Now your blood runs cold
A parasite at your feast prepared
For wealth decay
The withered wreath
Your weakness made for you
Before your time society
Will take this from you too!
My final plea, enveloped
In rapture seeting
Intertia's cave - dementia echoes
From the ceiling
Starring down, heavens eyes are
bleeding from black stars
In crimson rain, seasons blend in
cold arms dying
Light my way
Through the weeping veil
Violet seas
Autumn bride we sail
Kiss the wind
Rejoice on wave of grave
Desolate face
Torment now erased...
...dancefloor dementia...
