Sky walker, sky designer
Expand your telescopic mind
Neon moon your guider
Across deserts of astral sand

Two laughing planets where faces glow
Let the darkness fall behind you
Chemical god awakens
Look into the cosmic eye

Starlight walker
Step inside your mind transporter
Upon your tongue
A magic ticket to godlike power

On the storm become a rider
A purple sky, it burns for you
Escape on wings of fire
From society melting below

Where the spirits and souls are lost
In the drudgery of rotation
Climbing the plastic ladder
To a vision of security

Starlight walker
A magic ticket reshaped your future
Your spirit flies
Across the sky in your mind transporter

Star walker, designer
Keep searching for blue skies
On the storm you are a rider
Before the medication dies

Kaleidoscope of desire
You search for eternal ecstasy
Reality fantasizer
Keeper of the cosmic key

A trip you took into no return
Oh, insanity lasts forever

Time on earth expires
The hourglass runs out for you

Starlight walker
Aborted mission in mind transporter
Sky odyssey
Into oblivion lost forever

Sky walker, sky designer
