[Rowntree's Ad Lid into LSD.]

[Here are four different versions of the lyrics of  
'Phantasmagoria' that were]  
[send by fellow Cathedral nuts. Phantasmagoria means  
a 'constantly shifting]  
[complex succession of things seen or imagined',  
according to my Franklin]  
[dictionary. The lyrics themselves seem to be about the  
nightmarish appearance]  
[of some jellied master as far as I can pick them out.  
Having four different]  
[versions already indicates that it is everything but  
easy to make out what is]  
[being sung here. In addition to this it seems to me that  
Lee is changing the]  
[consonants in the words every now and then (I wonder  
if this has anything to]  
[do with the consume of this funny tobacco stuff...)].  
Well, anyways, here it]  
[goes. Questions, remarks, and additions are  
welcome.]

[Robert]

Hear the calling,  
Any other way.  
A faint slithering....  
A form blooming,  
A vision or nightmare?  
Shadows motioning.

Bled hollow/holler (?)  
Agents so hateless (?)  
Eyes all grown ordained (?)  
Reflections frozen,  
Smiles so darkless,  
And for the days contained.

Oooh it's creeping closer,  
Oh it's here again.

## CHORUS

Break - your wealth - has fallen,  
Yeah, yeah, yeah.  
??? (seriously don't know here : o ) )  
Drenching down the halls.  
Bleeding angels...?...of heaven,  
Oh yeah, yeah, yeah.  
Awake...in blood and see,  
That sin has come to call!

???

???

And hunger for the blade.  
A wriggle purple,  
Anguish and mourning,  
Squelching for the chain (?)

I sunkered, greend lips mulching,  
Hunger trickling.  
Into the gates - The Jelly Master  
Wobbling, Jiggiling.

Smooth and soft,  
I'm all sweet.  
???...just too brave for meeah!  
Shredding, rotting in the face of death (?)  
???  
A vacuum slide ---Awake Again!

And all my heart,  
Absolved in filth.  
A rested anguish - sorrow and woe  
Into nothingness (?) - so low

Paint earth this groaning, oh! (?)  
Mottled rapids ??? ...drowning snow (?)  
All lonely on the word alone (?)  
Towards DoomWards -  
Here I go!  
Oh so low

Roaming through,  
This liquid maze.  
Slithering path,  
Ancient pay/pave (?)  
To the stinging place,  
The loving phaze. (?)  
Jiggling master,  
Take me on my way.  
All but butterflies here,  
This wriggling haze.

Beyond decay (?) ???

???

To nothingness and nether-peace...

??? - I scream and roar.

(goodnight master)

[Justin]

Daylight crawling

And, the other way-

A faint slithering...

A form looming,

A vision of nightmare,

Shadows motioning.

Led harder (?)

Vengeance so ageless

A rising ??

[sounds like "scrotal king"]

Reflection frozen

In smiles so dauntless

Another dirge contained!

Oooh, it's creeping closer...

It's here again!

[Chorus:]

(Rip your will apart)

?? farther!....yeah yeah

(For this frown, this heart)

Traipsing down the halls

(Bleeding angel bleed)

?? heaven... oh yeah oh yeah!

(wake in blood and see)

? has come to crawl.

Rotting ??

[sounds like "showness"]

???

A hunger for the blade

A regal purple

Anguish and mourning

Waltzing in the jade

Eyes sunken

Green lips mulching

Hunger trickling...

Into the gates  
The jelly master,  
Wobbling, jiggling!

[repeat chorus.]

Ooh, smooth and soft  
And almost sweet  
?? just too grey for me  
Spreading rotten in the face of death  
In ? of flesh, the end of rain (reign?)  
???  
Await again!

From the sky, when my stars have fell.  
And of my heart, a tolling bell  
? of anguish, sorrow and woe,  
Into ? - so low!!

Faint mirth is growing, oh!  
From the ?, droning so.  
Alone beyond the word alone,  
Waltz doomwards, here I go!!

-Oh, so low!-

Roaming through  
This liquid maze  
Slithering past  
The ancient grey

To the stinging place  
Longing face  
Jiggling master  
Send me on my way  
All but butterflies in  
This wriggling haze  
Beyond the gates every ?  
[sounds like "tray"]  
Knows only ? and these visions cease  
[sounds like "buttons"]  
Nothingness and never peace  
The flags of death that scream of more!  
[solo]

(oooh, jelly master).....

[James]

Arriving \_\_ ordained

Reflection frozen in smiles of darkness  
Above the dirt contained

[CHORUS]

Smooth and soft and almost sweet  
Target just to great for me

Shredded rotting in the face of day  
In the bones and flesh and in the brain  
Our shattered soul awaits the death

From the sky all my stars have fell  
And on my heart and soul a knell  
They rest in anguish, sorrow and woe  
In gelati(??) so low

Baked mud is glowing on  
Bottle top is drowning sound  
Lonely on the word alone  
Holds too much, here I go

Oh so low

Drowning through this linguid maze  
Slivering path, ancient grail, to the stinging rays  
Love it fades, jiggleing master, send me on my way  
On with butterflys in this wriggleing haze  
Beyond the dead \_\_ tray

The blades of death that scream out raw
