"Purple Wonderland"

Visit "[Purple Wonderland](#)" on MotoLyrics.com

Since love has come to me
Since then you've walked away
Life is a mystery

The roses on my coffin
Are the dreams that you gave to me
Love is blind

And all the flowers died for you
This land so black, so fair for you

Here in this wonderland
Purple the ecstasy
Mist enticing, penetrating
Lust I inhale

Cold is the night today
Darker than months of May
Love is blind

Your arms where a hearse for me
Desire driving me
Into this grave

And all the bells shall ring for you
Transparent love we shall see through

Sleep in this wonderland
Of purple ecstasy
Mist enticing, penetrating
Lust I inhale

Fear not the wind
It's telling a tale
Into the whitest night
We slip away

Not dead
Do you need to see?
Do you need to believe?
Not dead enough to believe
Not dead enough to believe
