Stained glass horizon
Trapped in tombs of day
No energy to run
Nowhere to escape

Fortune left behind you
Blank dice is your gain
Opium moon is rising
The summer, it never came

Your spirit reigns
In the church of hell's domain
Love's stained glass world
You can't see through

Ooh yeah, yeah yeah

Black dove is a flying
From the reaper's hand
You'd chase the white
If you weren't blind

A banquet for the living
Skeleton at their feast
Sin's a bad man's lover
Soul's lost in a pentagram

Your heart's in chains
Vulture of your own remains
Love's stained glass world
You can't see through

If Jesus walked beside you
You'd take Lucifer's hand
Evil feels good
When it's never found

Hiding with the sunshine
Lost man in the shade
Fight the force that guides you
Pull yourself from Netherlands

Your heart's in chains
Vulture of your own remains
Love's stained glass world
You can't see through
