"Suicide Asteroid"

Through nature's eye, earth sinners fly
On a suicide asteroid
Transmutation, space rejection
This hellish fleet must die

Grim reflection in the sky
Dark mirror of man blind
Aliens walking amongst you
Twist direction's knife, yeah

Half way to paradise
Black wizard pauses flight

Captain desolation
Disaster in command
Fatal destination
Astral suicide

Tornado nation ride inside
This tombstone galaxy
Unknown mission apparition
Dictating your destiny

Architect of catastrophe
Non physical reality
Kaleidoscope of burning tears
The eternal odyssey, oh, yeah

Full steam to paradise
Green wizard grants delight

Planet head exploding
Earth becomes your mind
Spectral domination
Astral suicide

Suicide asteroid
Destiny null and void
Suicide asteroid
Satan's realm overjoyed

Suicide asteroid

Destiny null and void
Suicide asteroid
Satan's realm overjoyed

Watch out
The interplanetary exorcist
Are going to get you
Get you, get you
