"The Angels"

With all the good times, when you want some,
Where is the fun,
Into your open arms, I will run,
We'll have funny fun fun fun,
I hear voices, from the angels,
I hear voices, from the angels,
I drove my beetle, to the bottom of the ocean,
Good times here we come,
Feeling faded, super-psycho sedated,
I bet on living but the dealer won,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,

Lay your head down, go to sleep,
Lay your head down, go to sleep,
Lay your head down, go to sleep,
Lay your head down, go to sleep,
Lay your head down, go to sleep,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels,
I hear voices, from the angels.
