(Jennings/Dorrian/Carlson)  
Skull of god with the devils eyes  
Crowned in fire sodden sky  
Beaming rays of genocide  
Into virtues magic lie  
Illusive myth of light enslaves you  
Vampire sun it drains you  
Beg the sword for liberty  
Fall before the king of flies  
Delirium is flowing free  
In our obedience disease  
The gift of life is reaped of value  
Vampire sun it drains you  
Gaze into the face of fire  
Dreams descend into the pyre  
Monolithic angel  
Unveil your king to this planet disabled  
Mimmify the cosmos  
With the vision of divinity yeah!  
Electric vulture flying high  
Through the universal eye  
To cleanse the heavens with earth soul  
The excretion of mankind  
Feeding from the fangs of virtue  
Vampire sun it drains you  
Gaze into the face of fire  
Dreams descent into the pyre
