Rocketship
Rocketship

I'm going on a trip
Far away I am leaving today
I am leaving today

Rocketship

My bags are packed I'm ready to go
My bags are packed I'm ready to go

(T minus 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 we have liftoff)

The stars are blurring were going fast

There is a boy there
His name is x
He says you don't know me but
But I don't know you either

Rocketship

Our bags are packed were ready to go
Our bags are packed were ready to go

(T minus 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 we have liftoff)

The stars are blurring were going fast

Were going on a trip
Far away we are leaving today
Our home is our rocketship
