Everything Changes  
Kathy Troccoli

Well you came in my life like a ray of light  
shining through the clouds in my heart  
I just looked at you and the world was new  
it was right, right from the start

(BRIDGE)

whoah oh oh oh you came to me  
whoah oh oh oh with a love so sweet  
and I'll never never never  
be the same

(CHORUS)

Everything changes  
nothing looks the same through the eyes of love  
everything changes (everything changes)  
when you love some, love some, love someone  
everything changes  
standing in the light of a bright new sun  
everything changes (everything changes)  
when you love some, love some, love someone  
everything changes

I'm lookin' around me  
and I'm lovin' what I see  
'cause I found somebody, somebody who loves me

(repeat bridge & chorus)

From: "If you lived here, you'd be home now."
