If it wasn't for the times that I was down  
If it wasn't for the times that I was bound  
For all the times that I wondered  
How I would ever make it through  
All of the times that I couldn't see my way  
And I had to turn to You

How would I know You could deliver  
How would I know You could set free  
If there had never been a battle  
How would I know the victory  
How would I know You could be faithful  
To meet all of my needs  
Lord I appreciate the hard times  
Otherwise how would I know

I remember all the times I had to cry  
And at the time all I could do was wonder why  
Why would a God so kind and loving  
Allow me to go through all this pain  
If I could see into the future  
Then I would know the joy I'd gain

But how would I know You could deliver  
How would I know You could set free  
If there had never been a battle  
How would I know the victory  
How would I know You could be faithful  
To meet all of my needs  
Lord I appreciate the hard times  
Otherwise how would I know

How would I know that you could  
Make a way out of no way  
How would I know if I never had a need  
Brother, I know what you're goin' through  
Sister, I know 'cause I've been in your shoes  
But I can truly say that I know what God can do

How would I know You could deliver  
How would I know You could set free  
If there had never been a battle

How would I know the victory  
How would I know You could be faithful  
To meet all of my needs  
Lord I appreciate the hard times  
Otherwise how would I know  
Otherwise how would I know

How would I know You could set free  
How would I know You deliver me  
How would I know You could make a way  
How would I know You could meet my needs  
How would I know  
How would I know  
I wouldn't have known  
I wouldn't have known
