Gotta take a little time  
A little time to think things over  
I better read between the lines  
Guess I'll need it when I'm older

This mountain I must climb  
Feels like a world upon my shoulder  
Through the clouds I see love shine  
It keeps me warm as life grows older

In my life there's been heartache and pain  
I don't know if could face it again  
Can't stop now, I've traveled so far  
To change this lonely life

I wanna know what love is  
I want you to show me  
I wanna feel what love is  
I know you can show me

I'm gonna take a little time  
A little time to look around me, yeah  
I've got nowhere left to hide  
It looks like love has finally found me

In my life there's been heartache and pain  
I don't know if I could face it again  
Can't stop now, I've traveled so far  
To change this lonely life

I wanna know what love is  
I want you to show me  
I wanna feel what love is  
I know you can show me, yeah

I wanna know what love is  
I want you to show me  
I wanna feel what love is  
I know you can show me

I wanna know what love is  
I want you to show me

I wanna feel what love is  
I know you can show me

I wanna know what love is  
I want you to show me  
I wanna feel what love is  
I know you can show me
