It's my good it's my bad  
It's my turn to make mistakes  
It's my life it's my choice  
It's my happiness at stake  
So stop telling me how to be  
And instead tell me...

Chorus:

You'll be there, even when I don't care  
Loving me, but letting me be free  
Through all this insanity  
I need to know you would never leave me  
Let me go

'Cause I'll fall on my face  
In a state of disgrace  
But you'll still love me  
Through all this insanity

The life I choose may not be what you wanted for me  
But I need time and I need space and I need room to  
breath  
Because I've got to try  
To break the binds  
I've got to find  
My own life, and...

Chorus:

You'll be there, even when I don't care  
Loving me, but letting me be free  
Through all this insanity  
I need to know you would never leave me  
Let me go

'Cause I'll fall on my face  
In a state of disgrace  
But you'll still love me  
Through all this insanity

Don't be afraid to let go  
Because I'll always come home

Chorus:

You'll be there, even when I don't care  
Loving me, but letting me be free  
Through all this insanity  
I need to know you would never leave me  
Let me go

'Cause I'll fall on my face  
In a state of disgrace  
But you'll still love me  
Through all this insanity
