Alors

Alors

C'est agent special Fiona Brown

Je viens à Paris vingt heures ce soir

Au revoir

Mon amour

Verse:

Cloak and dagger affair

Ready to play the game

When I meet you there

Love just won't be the same

Do you know how it feels

To look inside your dreams

And find that love is real

That it's not what it may seem

Verse:

Cloak and dagger affair

Searching for you tonight

We're not the usual pair

I wanna hold you tight

Under the moon light sky

A quiet kiss unfolds

Don't ever ask me why

Cause the story, it ain't been told, no no no

It ain't been told, no it ain't been told

Counter-melody:

I've been trying to tell you

Fiona Brown's not my real name

I've been trying to tell you

But you won't listen

I'm sick and tired of playing this game

But do you know how it feels to look

Inside your dreams

And find that love, love is real

That it's not what it may seem

Bridge:

Five thousand miles from you, my dear

Longing for your embrace

Tonight will be my test of faith

When we're standing there face to face
When we're standing there face to face
When we're standing there face to face

Verse:

It's Cloak and dagger affair
Can you find me now?
Please me, if you dare
You could, but you don't know how
'Cause you don't know how it feels
To look inside your dreams
And find that love, love is real
That it's not what it may seem-----
Cloak and dagger affair-----
Searching for you tonight
Under the moonlight sky
Searching for you tonight
Under the moonlight sky (Repeat phrase till end)
I've been trying to tell you
Fiona Brown's not my real name
I've been trying to tell you
I'm sick and tired of playing this game
