Put on my high heels, my little red dress
And sugar cookie perfume
And I don't care if you know I'm trying
It's time that you got a clue

You say you wish that you could find girl like me
It's hilarious, how obvious can one girl be?

Yeah it might feel a little bit funny at first
But I promise we can figure it out
Let me show you tonight that it's time we stop messin'
around
Kiss me now, kiss me now

I see you smilin', I catch you starin'
More than a friend would do
I'm dropping hints like, like it's my job
Why, why you keep playing it cool?

Did you call me over just so we could hang out?
Boy this little game you're playin' is really freaking me
out

Yeah it might feel a little bit funny at first
But I promise we can figure it out
Let me show you tonight that it's time we stop messin'
around
Kiss me now, kiss me now

I know, I know I get it, you're the gentleman type
But lean a little closer, let me change your mind

Yeah it might feel a little bit funny at first
But I promise we can figure it out
Let me show you tonight that it's time we stop messin'
around

Yeah it might feel a little bit funny at first
But I promise we can figure it out
Let me show you tonight that it's time we stop messin'
around
Kiss me now, kiss me now, kiss me now, kiss me now
