I see myself in your eyes  
And suddenly there's nothing left for me to hide  
I used to be so scared of this  
And now you've gone and changed it all with just a kiss

I held back  
But you held on  
Now we have everything we'll ever want

Chorus:  
A love without fences  
A love without walls  
A love where we're taking  
And giving it all  
A love without limits  
Where we can be free  
To follow our hearts  
Wherever they lead

Baby that's why were here  
To love without fear

I lose myself in your touch  
And finally I find that I am strong enough  
To listen to this voice within  
Telling me to throw all caution to the wind

My heart beats like thunder  
And I am not afraid  
'Cause baby you showed me the way

Chorus:  
A love without fences  
A love without walls  
A love where we're taking  
And giving it all  
A love without limits  
Where we can be free  
To follow our hearts  
Wherever they lead

Baby that's why were here

To love without fear
