Verse 1:

Tell me a story that consists of more
Than once upon a time, the end, starring that same
familiar friend

Sing me a song that I can hum upstairs in bed,
That can live in my mind, maybe for all time

Refrain:

I don't need a wallow face, I just need a place
I can call and name my own, my anywhere place, my
anywhere place

Verse 2:

Walk with me somewhere, where I can run to no end
Hands held tight, no one's looking for me this night
Look with me someplace where the sky is as endless as
The rhythm of the sea

It rhymes in ecstasy

Refrain:

I don't need a wallow face, I just need a place
I can call and name my own, my anywhere place, my
anywhere place

Bridge:

Now that the trees are gone and the water's cool
I'll go back where I can find what's true
Where it isn't grey,
Where I can stay,
An anywhere place.

Verse 1 (first line only):

Tell me a story that consists of more
Than once upon a time, the end, starring that same
familiar friend

Refrain:

I don't need a wallow face, I just need a place
I can call and name my own, my anywhere place, my
anywhere place

I don't need a wallow face, I just need a place
I can call and name my own, my anywhere place, my
anywhere place, oh no...
