Birds

From a thousand miles away  
At a lonely time of day  
Leave it up to night to quietly remind us

Time

Though it mostly slips away  
Doesn't seem to mind the way  
It's a midnight serenade  
Do you feel the same as I do

(Chorus)

Close your eyes  
Think of what you have beside you  
Even I  
Understand the reasons why you stay

Oh I am stuck in someone else's shoes  
An unfamiliar view  
But I promise not to do the things they do

Oh I would never make you choose  
I have so much less to lose  
There's a world between these words and how we use  
them  
So don't confuse them

(Chorus)

Close your eyes  
Think of what you have beside you  
Even I  
Understand the reasons why you stay

I hide behind the words that fall  
I wait for you to dream  
I sing so you might hear these words  
But sadly so might she  
She knows you disappear sometimes  
But knows that you will stay  
And so I end this story with  
One last serenade

Close your eyes  
Think of what you have beside you  
Even I  
Understand the reasons why you stay
