We used to paint petals in the sky
Jump around on trampolines and never go inside
We'd wake up in the morning and decide
What we would - for the rest of our lives
But the rest of our lives came quickly

(CHORUS)

Oh my darlin'
Oh my dear
Times is hard without you here

Oh my darlin'
Oh my babe
How long will it take
To be carried away
To go back to the younger days

I wonder if you're wandering outside
Still tracing with your fingers all the colors in the sky
I'm looking out my window for a clue
Leaving a sign and hoping it finds you
I found you

Oh my darlin'
Oh my dear
Times is hard without you here

Oh my darlin'
Oh my babe
How long will it take
To be carried away
To go back to the younger days

(CHORUS - Repeated)
