(Catherine Britt & Elton John)

A fire that's left unattended
Surely will burn out and die
Now that we're down to nothin' but ashes
Is this where we both say goodbye

Chorus

Is this where two hearts break down and cry
Is this where we let go and give up the fight
Have we reached the point where it's too late to try
Is this where we both say goodbye

It's so hard to go on pretendin'
The truth is we're livin' a lie
And it kills me to know our love's dyin'
Is this where we both say goodbye

(Chorus)
