Time keeps movin' on,  
Friends they turn away, no no no  
But I keep on movin' on  
But I never found out why  
I keep pushing so hard the dream,  
I keep tryin' to make it right  
Through another lonely day.

Dawn has come at last,  
Twenty-five years, honey just in one night, oh yeah.  
Well, I'm twenty-five years older now  
And I know it can't be right  
So you'd better take it,  
No, oh, no... I guess no  
Ohhhh... just a girl.

Don't make no difference, baby,  
And I know that I could always try.  
There's a fire inside of everyone of us,  
I better hold it now,  
I better need it, yeah,  
I'm gonna use it till the day that I die.

Don't expect any answers, dear,  
For I know that they don't come with age, no, no, no.  
Well, I ain't never gonna love you any better, baby.  
And I'm never never gonna love you right,  
So you'd better take it right now, take it right now.

Oh! Don't make no difference, baby,  
And I know you could always try.  
There's a fire inside of everyone of us,  
I better hold it now,  
I better need it, yeah,  
I'm gonna use it till the day that I die.

Don't make no difference, baby,  
And it never ever ever will, will,  
I'm gonna need a little bit of loving, baby,  
I better hold it now,  
I better need it, yeah,

I'm gonna use it till the day that I die.

Don't make no difference, babe,  
And it never ever ever will, will,  
I'm gonna need a little bit of loving, baby,  
I better hold it now,  
I better need it, yeah,  
I better use it till the day that I die.
