There are Spiders making silky castles
There are Bears with Kingdom in their eyes
They say we'll find our treasure
on the day we realise how

to walk lightly on the world
and take each step like the first
to walk lightly on the world
On the world
On the world

The Earth can turn a thousand miles an hour
and we fly with it every day
and if we saw how far we were getting
we'd know in every way how

to walk lightly on the world
and take each step like the first
to walk lightly on the world
On the world
On the world
On the world
