Got a full tank of gas
We're bound for the Rockies
It's the second time of the summer.
I'm trying to relax,
Be your friend as before
But now there's a new time to take

Can I tell you,
How I feel about you
And what's changed
Would you deny me
Or would you feel the same

We just passed Chicago
Not even halfway
There's unfamiliar awkward silence
I wonder can you see it?
You know what I desire
And won't you show me
You're there too?

But can I tell you,
How I feel about you
And what's changed
Would you deny me
Or would you feel the same

The mountain is so high,
But I'm not afraid of falling, no
I'm looking passed my fears,
And I'll risk it all
For loving you,
For loving you

I'll risk it all for loving you,
For loving you
For loving you I'll risk it all
I'll risk it all for loving you
For loving you I'll risk it all
I'll risk it all for loving you
I'll risk it all for loving you
