Today I took a walk up the street
I picked a flower and climbed the hill
Above the lake
And secret thoughts were said aloud
We watched the faces in the clouds
Until the clouds had blown away

And were we ever somewhere else
Who knows, it's hard to say

But I never saw blue like that before
Across the sky
Around the world
And you've given me all you have and more
And no one else has ever shown me how
To see the world the way I see it now
Oh, I, I never saw blue like that

I can't believe a month ago I was alone,
I didn't know you
I hadn't seen you or heard you're name
But even now,
I'm so amazed
It's like a dream,
It's like a rainbow,
It's like the rain

And some things are the way they are
And words just can't explain

But I never saw blue like that before
Across the sky
Around the world
And you've given me all you have and more
No one else has ever shown me how
To see the world the way I see it now

Oh, I, I never saw blue like that
And it feels like now,
And it feels always,
And it feels like coming home

But I never saw blue like that before
Across the sky
Around the world
And you've given me all you have and more
No one else has ever shown me how
To see the world the way i see it now
Oh, I, I never saw blue like that before
Oh, I, I never saw blue like that before.
